

RSIF PhD Scholarship Recipients, Cohort 4

RSIF is pleased to announce the award of 72 scholarships for the 4th RSIF Scholarship call. In response to a call for applications published on 16 August 2022, 1,948 applications were received online by *icipe*, and upon completion of the selection process, the PASET Executive Board (EB) approved 74 of eligible and qualified applicants; and recommended a further 20 reserve candidates for the award of RSIF PhD Scholarships on 25 February 2022. Of the approved 74 scholarships, 72 candidates have accepted the scholarship award and will join a community of 173 RSIF scholarship recipients undertaking their studies in selected African Host Universities; and will continue to translate scientific knowledge into impactful innovations for Africa.

RSIF offers a unique opportunity for African countries to train doctoral students in high quality PhD programmes in applied sciences, engineering and technology, in selected African universities partnered with international universities.

The scholarship recipients have been notified with exception of those funded by Nigerian Government. Scholarship funding from Nigeria is not yet confirmed and therefore scholarship recipients from Nigeria and/or funded by Nigerian funds should wait confirmation.
